

Central Massachusetts Regional Planning Commission Survey

Every four years, the Central Massachusetts Regional Planning Commission (CMRPC) is tasked to produce a long-range transportation plan for the region that will include the region's priorities and the financial plan with the capital investments for the next 20 years. They would like to connect with individuals or groups that are interested in the topic of transportation. Please respond to [this survey](#) as it will allow them to assess the needs of our community.
